

Abhishek Dangol (UI/UX Product Designer)

Email: abhidangol11@gmail.com

Tel: 9860082254

Academic Credentials

Master	Master of Computer Science	3.35	2023
Bachelor	B.Sc. (Hons) Computing	2.80	2020
Higher Secondary Certificate	Golden Gate International College, Old Baneshower	61.2%	2016
Secondary School Leaving Certificate	Creative Academy, Kirtipur	80%	2014

KEY DESIGN COMPETENCIES

Product Design	: End-to-end product design (research → wireframe → prototype → Design Handoff)
Mobile-First Design	: Responsive, mobile-first interfaces optimised for mid-range devices and variable connectivity.
Complex Flows	: Checkout, multi-step forms, booking management, SaaS dashboards, admin tools.
B2B & B2C	: Designing for both business/agency users and general consumers with different mental models.
Business Logic	: Translating operational and commercial requirements into usable interface patterns.
Conversion Design	: Funnel optimisation, trust-building in payment flows, reducing abandonment.
Engagement Design	: Retention-focused UX, onboarding flows, feature discovery, and habit-forming interactions.
Figma	: Component libraries, auto-layout, variables, design tokens, developer-ready handoff
Dev Collaboration	: Handoff, design tokens, React-aware design, understanding what holds up in production.
Visual Design	: Logo Design, Website Graphics, eBook Covers, UI animation, Motion Graphics, 3D AI Animation, Brand Identity.
Other Tools	: Adobe Photoshop, Illustrator, WordPress, HTML/CSS, vibe coding (frontend), AI video generation and editing, basic video editing.

Professional Experience

Appsha Nepal | UI/UX Designer (2025 - Present)

- Designed intuitive UI/UX solutions for web and mobile applications, focusing on usability, accessibility, and user-centred design principles.
- Conducted user research, wireframing, prototyping, and usability testing to inform design decisions.
- Collaborated closely with product managers, developers, and stakeholders to translate requirements into effective design solutions.
- Created high-fidelity mock-ups, design systems, and style guides to ensure visual and brand consistency.
- Delivered graphic design assets including logos, marketing creatives, social media visuals, and presentation materials.
- Applied visual design principles such as typography, colour theory, layout, and branding across digital and print media.
- Used tools such as Figma, Photoshop, Illustrator for UI/UX and graphic design workflows.
- Iterated designs based on user feedback, analytics, and stakeholder reviews while meeting tight deadlines.

Mobitrans | Freelance Designer (2026 - Present)

- Design visual graphics, logos, and brand assets for clients across digital platforms.
- Create and edit AI-generated videos and 3D AI animations for marketing and social content.
- Design user interfaces for websites and applications in Figma.
- Design eBook covers, tailored to each title and audience.
- Conduct website audits covering design, usability, and visual consistency.

UI/UX Designer Intern | Scala Technologies (October 2024 - February 2025)

- Assisted in designing user-friendly web and mobile interfaces by applying user-centred design principles and usability best practices.
- Conducted user research, competitor analysis, and created user personas to guide design decisions.
- Developed wireframes, user flows, and interactive prototypes using Figma.
- Supported usability testing sessions and incorporated feedback to refine design solutions.
- Collaborated with developers and senior designers to ensure accurate implementation of design specifications.
- Contributed to the creation and maintenance of design systems, style guides, and reusable UI components.
- Designed visual assets for digital platforms, including icons, banners, and social media creatives.
- Gained hands-on experience in responsive design, accessibility standards, and cross-platform consistency.

**CloudFactory | Data Specialist (2019 - 2024)**

- Analysed data for various projects, including sports-related tasks and AI training to enhance accuracy.
- Conducted quality assurance (QA) checks on tasks to ensure it met the required accuracy standards.
- Collaborated with team members to optimize data processing workflows and improve project outcomes.
- Contributed to the training of AI models by providing accurate and reliable data annotations

Thrombsan's Publication Pvt.Ltd. | Senior Writer (2024 - 2025)

- Senior writer for botanical publications, authoring and editing books on plant taxonomy, physiology, ecology, and horticulture.
- Collaborated with botanists, and illustrators to ensure technical accuracy and reader accessibility.
- Mentored junior writers and helped establish editorial guidelines and style consistency.
- Working knowledge of Adobe Acrobat/InDesign, HTML, and Markdown for digital publishing.
- Performed weekly data backups to ensure data integrity and availability.
- Installed and configured software to meet organizational needs.
- Conducted basic training sessions for new recruits on tools like Adobe Illustrator and Google Docs and Sheets.

Personal Dossier
